## TRUSTART Industrial Battery

### Introduction

CUMMINS TRUSTART Industrial Battery is a Ultra Low Maintenance Battery specially designed for the heavy duty applications in Mining, Construction, Compressor, Infrastructure, Cement, Steel and Other heavy commercial vehicle engine starting applications withstanding extreme climatic condition and providing assured starting capability every time.

### Features & Benefits

- **Charge eye** - Unique acid level indicator which eliminates the need to open the service plugs\*
- **BIC vents** - To reduce acid loss
- **Ultra low maintenance** - Very low topping frequency
- **Higher CCA** - Radial grid design offers higher CCA for quick starting
- **Rugged construction** - Ribbed container resists shock and vibration damage and withstands high temperature, making it truly suitable for the extreme conditions
- **Special hybrid alloy system** - Minimizes water loss thus promoting long service life
- **Factory filled and charged** - For immediate fitment
